Aniketh K

Aspiring Web Developer

Skilled in Java programming with practical experience in developing full-stack web applications using front-end technologies like HTML, CSS, JavaScript, and React.js, along with back-end development in Spring Boot. Well-versed in handling both SQL and NoSQL databases. Enthusiastic about creating impactful digital products and seeking opportunities to apply my knowledge in an internship or entry-level position.

EDUCATION

Pre University
Base Pu College
08/2019 - 06/2021

Under Graduation
Atria Institute of Technology
11/2021 - Present

Courses
- Computer Science Engineering

PERSONAL PROJECTS

Library Management System
- Designed and built the project from scratch using Spring Boot and PostgreSQL, focusing on database integration and efficient data management.
- Implemented core functionalities, including API integration, CRUD operations, and basic Spring Security features.
- Strengthened understanding of backend development concepts and foundational practices for secure and scalable applications.

Personal Portfolio (https://keth-portfolio.netlify.app/)
- Developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase my web development projects and skills

Aryan Care Foundation (https://aryancarefoundation.netlify.app/)
- Built a user-friendly front-end for a charity website, employing modern web technologies to enhance accessibility and engagement.
- Aimed at raising awareness and driving donations for the Aryan Care Foundation.

INTERNSHIP

Junior Software Developer
Eruna Technologies Pvt Ltd
09/2024 - 02/2025

Achievements/Tasks
- Gained hands-on experience in Spring Boot and PostgreSQL, building a solid foundation in backend development and API integration.
- Acquired knowledge and hands on experience in working with microservice architecture applications
- Worked on mock projects to master core concepts and contributed to the company's live workforce management software

SKILLS

HTML · CSS · Javascript · Java · SpringBoot · PostgreSql · RESTful API · Bootstrap · VS Code · ReactJs
