Aniketh K

Web Developer

I am an enthusiastic web development student with a solid understanding of front-end technologies, and modern frameworks such as React and Django. Currently pursuing my degree, I have built a variety of personal projects that showcase my ability to create responsive and user-friendly websites. I am eager to apply my skills and learn from experienced professionals in an internship role, where I can contribute to innovative web solutions and grow in a collaborative environment.

EDUCATION

Pre University
Base Pu College
08/2019 - 06/2021   *87.4%*

Under Graduation
Atria Institute of Technology
01/2022 - Present
Courses
- Computer Science Engineering

PERSONAL PROJECTS

Personal Portfolio
- https://myyportfolio17.netlify.app/
- Developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase my web development projects and skills.

Aryan Care Foundation
- https://aryancarefoundation.netlify.app/.
- Built a user-friendly front-end for a charity website, employing modern web technologies to enhance accessibility and engagement, aimed at raising awareness and driving donations.

Tiny Paws
- https://tinyy-paws.netlify.app/.
- Designed the front end of a comprehensive pet care website. Currently developing the backend to integrate dynamic features and user interactions.

Green Harbor
- https://geen-harbour-wildlife.netlify.app/.
- Developed an educational website focusing on the environmental impacts of deforestation and poaching by utilizing engaging visuals and content to promote conservation efforts.

TECHNICAL SKILLS

HTML   CSS   Javascript   ReactJS   NodeJS   ExpressJS   MongoDB   Django   RESTful API   Bootstrap   VS Code

SOFT SKILLS

Problem-Solving

Collaboration

Communication
